

### Warranty maintenance program

#### Up to 10 year warranty

Each new MiniProf BT instrument is manufactured using exclusive materials and most advanced engineering technology.

To back up our commitment to high quality and product stability, Greenwood Engineering A/S is proud to offer **2 years standard factory warranty** on all MiniProf BT instruments.

The warranty covers repair or replacement of any component manufactured or originally installed by Greenwood Engineering A/S that is defective in material or factory workmanship, under normal use and maintenance. The calibration itself is not included. Please refer to our sales and delivery conditions.

In addition, we offer the option to prolong the standard factory warranty with up to 8 additional years making it a **total warranty period of up to 10 years**.

To prolong the standard warranty from 2 years to 10 years, kindly ensure that the MiniProf BT system is shipped to Greenwood Engineering or one of our local service centres for service check and re-calibration on a regular basis every 12 months from the first calibration date.

*Note: The 10 year warranty applies to all new MiniProf orders placed after 1/1/2025 that follows this warranty programme. 1-year standard warranty on any laptop/tablet/android device.*

#### Advantages of the warranty maintenance program

- Frequent and professional service and calibration by a MiniProf BT calibration specialists
- All warranty and wear spare parts included in the service price - no unexpected costs
- Elimination of build-up deviations during daily use
- Reliable and high accuracy measurements
- Benefit from a low loyalty service price\* if calibrated within 12 months from last calibration date
- Prolongation of the lifetime of your MiniProf BT system

To participate in the extended MiniProf BT warranty maintenance program and to benefit from the reduced loyalty service price, simply ship the MiniProf BT system to Greenwood Engineering or one of our local service centres for calibration within 12 months from the last calibration date. Kindly contact your local agent or Greenwood Engineering directly for further details.

Should a 12-month service interval be neglected, the MiniProf BT instrument will no longer be covered by the extended 10 years warranty and our standard 2 years warranty applies.

*\* Loyalty calibration price cannot be combined with other special offers or arrangements*
